Public Safety Marketplace Growth

What if your tools could grow with your mission, adapting seamlessly to the needs of your community? The Accurint ® Public Safety Marketplace is transforming the way public safety professionals work, empowering them with innovative solutions tailored to meet their evolving challenges. By combining cutting-edge technology with a deep understanding of the investigative workflow, this offering continues to grow, delivering innovative tools, deeper insights, and adaptable solutions to help you act faster and make better informed decisions.

The Accurint Public Safety Marketplace is a way for law enforcement agencies to seamlessly identify trusted providers of cutting-edge solutions that fit their specific needs. With single sign-on access through Accurint® Virtual Crime Center, users can now gain access to our connected partner solutions that have been enhanced by the LexisNexis® data assets and linking technology. This powerful offering allows users to fully leverage their detailed law enforcement data with other important modules, saving valuable time during critical patrol and investigative operations.

Recently, the Accurint Public Safety Marketplace offerings have grown to incorporate license plate recognition technology. Our Accurint Public Safety Marketplace Connected Partners and Tools include:

- **Accurint® TraX™** for **data enhanced call detail record analysis** for any investigation.
- **Babel Street Insights** for advanced data discovery and analysis tools enabling deep insights from vast amounts of **open-source data** across the surface, deep, and dark web.
- **Clearview AI™** for **image comparison technology** empowering law enforcement to quickly identify individuals who are critical in their criminal investigations.
- **Drive Test Scanners** for improved **device geolocation investigative efficiency.**

- **Insight LPR** for access to **nationwide commercial license plate reader (LPR) data** to expand the reach of your investigation.

Are you ready to empower your agency?

Let LexisNexis® Risk Solutions help your agency combat current challenges you are facing. Contact us today to learn more about the Accurint Public Safety Marketplace, Accurint Virtual Crime Center, or to request a customized demo of our solutions.
